**Tas Mania**<sup>®</sup>  
Foods from the World's Freshest Air and Purest Waters

Foods from the World's richest soils, cleanest waters, freshest air.

# Tasmanian Seafood

Access to the cleanest waters on the planet, around Tasmania in the Great Southern Ocean, Tasman Sea and Bass Strait gives our business a truly unique global opportunity with its diversity of operations, and shows we are truly a world leader.

# Tasmanian Rock Lobster

Our Southern Rock Lobsters are quota managed, sustainably sourced from the pristine Southern Ocean surrounding Tasmania. Its colour can range from a deep purple to red, orange to a yellow white. Their colouring is almost a colour chart indicating the depth that they were harvested from, the whiter they are the deeper they live. But regardless of colour or depth, when prepared properly, its flesh is firm, rich and slightly sweet and known worldwide as the best.

Wild Caught Tasmanian Crayfish

Frozen 600-800g. Heat shrink wrapped Packed 11-13 per 10kg box

# Wild Tasmanian Dried Abalone

Produced from wild abalone found in the pure waters of the Southern Ocean of Tasmania. With no chemical additives or drying machines, a Japanese drying process uses natural airflow to create a tender, candied delicacy. Carefully cooked to preserve the desired texture and delicate taste with a candy heart. Candy AB's careful harvesting of the best abalone in Tasmania ensures a premium quality product. Premium Abalone also available in a ready to serve retort pack.

The best abalone in Tasmania is carefully harvested to ensure all products are of premium quality.

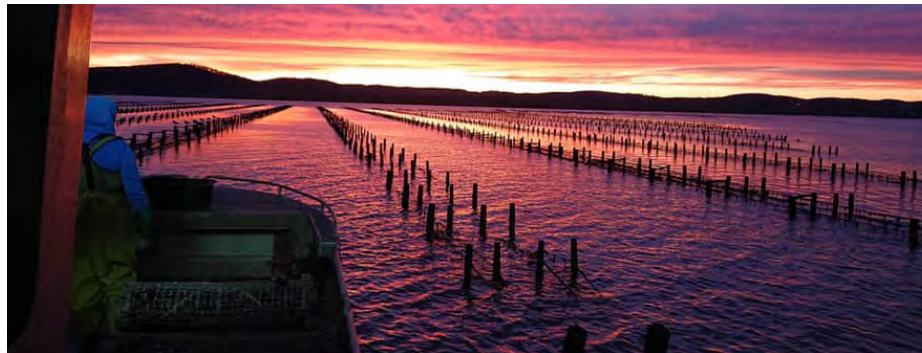

# Tasmanian Oysters

Tasmania shellfish are the finest in the Australian market thanks to the Tasmanian Shellfish Quality Assurance Program (TSQAP). Buying Tasmanian Oysters means enjoying consistent high quality and supply, and the knowledge that the product comes to you directly from the farm. Whole live Pacific Oysters are stored at 3° to 4° celsius and will keep for up to 10 days from harvest date.

Available in four sizes

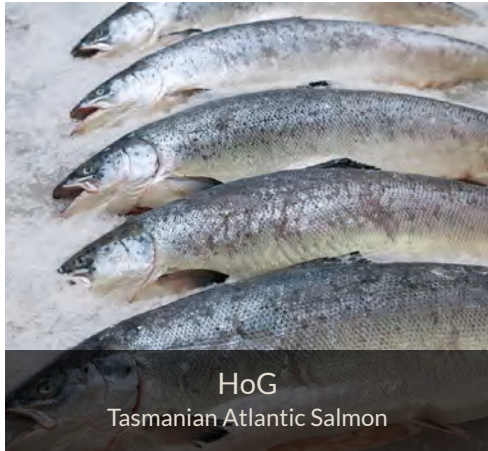

Size	Asia Pacific (mm)	Europe
Bistro	50-60	3
Buffet	60-70	2
Standard	70-85	1
Large	85-100	0

Discover the freshest oysters from the most pristine waters in the world - the real taste of Tasmania.

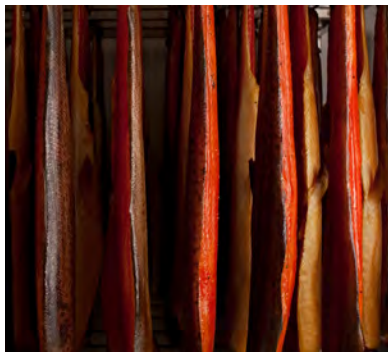

# Tasmanian Fresh Salmon

# Premium Smoked Salmon

From the cold waters of the Southern Ocean, smoked over organic apple timbers. The ocean waters of Tasmania are home to exceptional quality Atlantic Salmon and Ocean Trout. The fish are specially selected for curing in sea salt and sweet Demerara sugar and are then slowly smoked with a special combination of Applewood and Oakwood chips and other seasonal woods for 12 hours to deliver an intense yet balanced flavour.

Awards over many shows  
& years from 2015 to 2020

# Tasmanian White Asparagus

Tasmanian White Asparagus is a premium variety of European White Asparagus grown and harvested in Brighton, Tasmania. Informed by European farming practices of the white asparagus variety, Australian growers have been driven by their extensive R&D to pioneer the new industry in Australia. As a counter to the seasonal product in the northern hemisphere, the European white asparagus variety will be available in the Australian spring for September – October.

# Premium Tasmanian Cherries

A selection of sweet, dark-fleshed cherries which are available from mid-December through to early February. There are over 10 different varieties produced which range from early season through to late season cherry varieties. Only the finest quality cherries are packed in the Gold Kangaroo Premium Cherry range. Cherries are picked at optimum maturity when brix levels and colour exceed our minimum specifications.

## Cherry Sizes & Varieties

Premium cherries are packed in a range of sizes based on their mm diameter. In a typical season we pack from 30+mm through to 32+mm. Larger cherries from 34+mm to 36+mm are available in very limited quantities at times during the season. **Cherry Early Season:** Sylvia, Stella & Van. **Cherry Mid Season:** Kordia, Lapin & Simone. **Cherry Late Season:** Sweet Georgia, Sweetheart & Regina.

# Tasmanian Honey

Tasmania is one of the few places left of earth where chemical treatment of hives is not necessary. Tasmanian honey is from hives that are not treated with any chemicals or pesticides. It is not heated at any stage of extraction or bottling, ensuring all the natural goodness remains. This honey is organically produced, cold extracted and coarse filtered, allowing all the pollen, flavours and aromas to be retained - resulting in pure raw Tasmanian Honey, just as the bees made it.
